

TATTINI has an ancient history. It was established in 1860 as a craftsman workshop in Spoleto, where skillful hands have been manufacturing the saddles according to ancient workmanship's techniques.

Today **TATTINI** is the leader company in Italy and one of the leaders in Europe in the Equestrian Equipment (all that may concern horse and rider), modern and up-to-date, for the variety, quality and the number of new products, continuously offered to the english and western horse riding lovers.

TATTINI distributes its products in Italy through the best equestrian stores and all over the world through a network of qualified distributors.

We have decided to take part as a sponsor in the Festival of Two Worlds since we have particularly appreciated the relaunch of last edition which has brought back to Spoleto top quality shows and the audience as it used to be once, after years of darkness.

Therefore, as Spoleto's entrepreneurs, town which we feel tight-knit to and which we are fond of, we are happy to contribute to the success of this event, by supporting the present management to divulge and promote the Festival of Two Worlds among Equestrian Sports lovers.
